

# ANNOUNCEMENT

## Maintenance Release

November 2012

**Formtek releases version 5.4.3 of the Formtek | Orion 5 product suite. This release includes the following products (available in English on all specified platforms):**

- **Foundation Server - Windows, Linux®, and Solaris™**  
**Includes:**
  - **Orion Vault**
  - **Administration**
  - **Command Server**
  - **Full-Text Server**
  - **License Server**
  - **Storage Server**
- **Access - Windows and Linux**
- **Pure Java API – Windows and Linux**
- **Administration API – Windows and Linux**

In this release, the administrator can disable Oracle user support so that logins for non-LDAP users are authenticated with the Orion user credentials instead of the Oracle user credentials. This release also includes several bug fixes.
